

THE BEST FANS

When we refer to our fans as the best in the Mexican Baseball League, we do so with absolute conviction.

For more than eighty years, there has been a romance between those who support us and every member of the team. We know that our fan base grows year after year, which is why we strive to improve each season.

For many years, we have faced various obstacles together, which, far from separating us, have made us stronger. This has allowed the Diablos Rojos to continue participating uninterrupted since 1940, always counting on your invaluable support.

When the idea of creating the Diablos Museum was born, we envisioned it as a tribute to those who have inspired us over time with their countless displays of affection.

Today, the encouragement words "Let's Go Diablos!" echoes from the field to the stands.

MUSEO DIABLOS
